CATALOGUE
2026

Dear Trading Partners and Friends,

When we launched our “Together” sustainability initiative in 2020, our goal was clear: to send a strong message for a better tomorrow – together. First milestones have been achieved such as feed-in solar power on all production sites. But our commitment doesn’t end with the calendar year. On the contrary – our initiative “Together” remains a core part of how we at STABILO act when it comes to people, planet, and profit.

This is why I am exceptionally proud to announce that we have published our first Impact Report, disclosing our sustainability efforts and goals in great detail. You can find more information on our efforts regarding sustainability as well as a link to the Impact Report on page 8.

As part of our ongoing commitment, we are progressively transitioning our packaging from plastic to cardboard wallets. This has already been successfully implemented for key products such as STABILO Pen 68 and STABILO point 88, where a considerable portion of the packaging now consists of cardboard materials. Building on this momentum, we are extending the transition to additional product lines, reinforcing our dedication to responsible and future-oriented packaging solutions. This includes wallets for STABILO swing cool and STABILO pointball as well as many single pen blisters of our Learning to Write products. In addition, we are also transitioning more products from traditional plastic to ISCC PLUS-certified bio-based plastic to produce the pen bodies.

Let me also introduce some new products in our assortment. This year, we have embraced the compatibility of our products with each other. To showcase this, we have created the STABILO Animal Vibes Edition which features a special version of STABILO BOSS MINI and STABILO Trio thick short – each printed with animal prints – as well as themed packaging for STABILO Pen 68 Mini and STABILO point 88 Mini and matching stickers.

To further highlight the perfect fit of our products, even across different product ranges, we have combined STABILO BOSS ORIGINAL and STABILO pointball in the STABILO NatureCOLORS Wildflower Edition. The highlighter and ballpoint pen have been used together for years and now they also match in their appearance.

With STABILO pointball colorful, the four new ballpoint pen colours are STABILO’s answer to colourful office trends and modern writing. Just like the new Click Set for STABILO point 88 and STABILO Pen 68 that brings colour and functionality to the desk.

Neon colours are playing a significant role for STABILO this year. Our whiteboard marker STABILO MARK-dry is now also available in a set of four bright neon colours, making structuring on whiteboards easier than ever before. Since neon colours are on trend right now, we decided to also add them to our school fountain pen range: The STABILO EASYbuddy NEON is perfect for children who like bold colours in their pencil case.

And last but not least in the Learning to Write department, the STABILO EASYoriginal 3D DreamWorld continues the tactile 3D design from fountain pens to rollerball pens.

A real highlight among our launches this year is the STABILO BOSS ORIGINAL REALRED. It’s not just a new colour but the answer to our community’s demand for a red STABILO BOSS ORIGINAL. It’s an embodiment of STABILO as a brand – high-quality pens, bold colors and listening to our community.

Stay curious and **START BEGINNING**
Yours sincerely,

Horst Brinkmann

Managing Director, STABILO International GmbH

START BEGINNING

A CAMPAIGN SPARKED WORLDWIDE

Scan to watch the
campaign movie

One Year Ago, STABILO Launched Their New Brand Campaign

This modular campaign shows the magic of beginning in 24 scenes. To fit the worldwide use on all media, the tone of voice is kept ageless, genderless, and independent of the subject. It is an honest, tangible, and relatable campaign that will touch people on an emotional level. This also marks the beginning of STABILO's new communication look and feel.

Let's stop scrolling and start beginning!

Across more than 30 countries, STABILO's Start Beginning campaign has inspired thousands to pick up a pen, embrace their creativity, and take that first step.

Artwork by Snooze One

Artwork by Hello Honey

Artwork by Hannah Rabenstein

A Message that Touches People Almost Everywhere!

We are beyond happy, as the feedback confirms that audiences across continents, countries, and age groups resonated with the joyful encouragement to start, not just perfect.

Inspiring and a gentle reminder that for some decision we will never be ready. Be bold and take the first step to start beginning.

I want to start with STABILO!

I've started drawing again!

So creative with the touch of simplicity

STOP WORRYING

Don't hesitate – start now and keep going! #stabilo

Thank you! Beautiful! The positive energy boost you need when you're close to launching a new project!

London – Poetry Takeaway Event

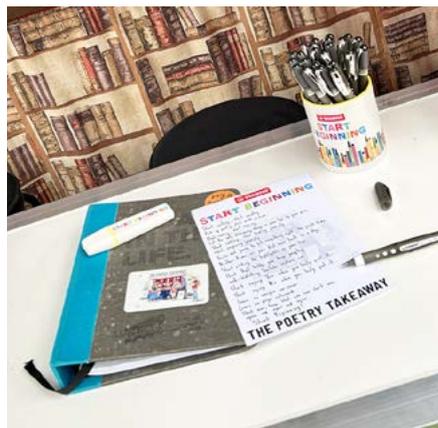

On 21st March, World Poetry Day, STABILO brought the campaign to life with The Poetry Takeaway Van in Royal Windsor.

Passers-by received custom poems, written on the spot by poets, paired with a STABILO BOSS ORIGINAL highlighter.

The message: Creativity begins with simple words and a pen.

The activity drew crowds and created lots of shareable moments – photos with the van, poems, pens, and smiling faces.

Learn more:
Video Poetry Event

A Mechanic that Works Digital and Analogue

Large-scale prints, digital displays or colourful murals reminded passers-by: **STOP SCROLLING. START BEGINNING.** Out-of-Home ads on buses turned everyday transit into creative inspiration and vivid, playful visuals paired with bold typography showcased the global spirit of the campaign.

WE ARE LOOKING FORWARD TO MANY NEW BEW BEGINNINGS TO COME!

START BEGINNING

TOGETHER – Creating a Better Tomorrow

Our Path to a More Sustainable Future Continues

In times of global uncertainty, sustainability is at risk of fading into the background, both in society and the economy. But at STABILO, we remain committed to a clear conviction: a better tomorrow starts with the actions we take today.

Driven by our “Together – Creating a Better Tomorrow” initiative, we continue to push forward with bold, transparent measures across climate protection, material innovation, and social responsibility.

Redefining Our Climate Strategy

We’ve revised our sustainability strategy within our global strategy **STABILO 2030** and set a bold new goal:

Our First Impact Report: Transparency Across People, Planet & Profit

Scan to learn more about STABILO impact report 2023/2024

In 2025, STABILO published its first-ever Impact Report. This report offers a clear overview of all our sustainability efforts across three key pillars:

PEOPLE
How we foster responsibility, diversity, and employer well-being

PLANET
How we reduce emissions and use resources more efficiently

PROFIT
How we ensure sustainable value creation in line with our value

Joining Forces with Climate Leaders

In 2025, STABILO became a proud member of Klimaschutz Unternehmen (KSU), a leading German initiative that brings together companies already engaged in ambitious climate protection and energy efficiency. Membership requires proven action and innovation, and we are honoured to be part of this high-impact network.

Let's create it – TOGETHER.

Sustainability is a journey we travel together with our partners, customers, and employees. With each new goal, product innovation, and partnership, we get one step closer to a better tomorrow.

Committed to sustainable wood

We are pioneers when it comes to the most important certifications and awards, as STABILO has received the FSC® certification already in 1998.

Today, 100% of the wood in every pencil produced in-house comes from exemplarily sustainable forests.

Depending on the certification of the wood we use in production, we can use the certification logos in the context of the respective STABILO products. For some products we use both FSC® and PEFC certified wood, but due to logo usage regulations of FSC® and PEFC, it is not allowed to promote both certification on the same product. For this reason, these products cannot be promoted as products with FSC® or PEFC label.

Let's take a look at which products have which certification - and which product can be labeled with an FSC® or PEFC trademark.

FSC® CERTIFIED PRODUCTS

- STABILO® GREENgraph, p. 98
- STABILO® GREENtrio, p. 147
- STABILO® GREENcolors, p. 146
- STABILO® EASYgraph S, pp. 168-169
- STABILO® Grow, pp. 77-78
- STABILO® Grow Ballpoint, pp. 85-86

PEFC CERTIFIED PRODUCTS

- STABILO® EASYcolors, pp. 171-172
- STABILO® EASYgraph, pp. 165-166
- STABILO® woody 3 in 1, pp. 129-133
- STABILO® woody 3 in 1 duo, pp. 134-135
- STABILO® Original, pp. 142-143
- STABILO® CarbOthello, pp. 144-145
- STABILO® MARKdry, p. 174

ISCC PLUS-certified Products

01 STABILO® point 88® Product Family

For the iconic fineliners, **96% bio-based plastic** has been sourced to produce the pen body and cap (mass balance). With millions of these being sold every year, STABILO is taking a bold step into the future by transitioning the hero product to ISCC PLUS-certified materials.

02 STABILO® Pen 68 Product Family

The classic felt-tip pens in all their variants have been reworked to be even better. To produce the pen bodies and caps, **96% bio-based plastic** has been sourced in accordance with the mass balance approach.

03 STABILO® Creative Tips

The full creative power comes in new material that meets both quality and sustainability standards: **96% bio-based plastic** has been sourced to manufacture the pen body (mass balance).

04 STABILO® dr!ver

A sleek and sustainable choice for every writing occasion: To produce the pen body and cap, **94% bio-based plastic** has been sourced in accordance with the mass balance approach.

05 STABILO® pointball®

The reliable ballpoint pen got a makeover: additional colours, new material, better than ever. **87% bio-based plastic** is linked to the pen body (mass balance).

06 STABILO® GREENpoint®

New material, still GREEN: **93% bio-based plastic** is linked to the pen body (mass balance).

Strong Partners with Powerful Ideas!

The acronym ISCC stands for International Sustainability and Carbon Certification. It is an independent multi-stakeholder initiative with various interest groups from the fields of R&D, education, industry, agriculture and the public sector. At the same time, ISCC is a leading international certification system for the circular economy and bioeconomy. ISCC PLUS certification is a voluntary certification scheme for, among others, plastics, rubber, adhesives and chemical substances. ISCC's objective is to promote sustainable, deforestation-free and **climate-friendly** supply chains to protect forests, carbon-rich soils and **biodiversity**.

Pushing Material Innovation Forward

We continue our shift towards sustainable materials:

- Eight products have already been converted to use ISCC PLUS certified bio-based plastics: **point 88**, **point 88 Mini**, **Pen 68**, **Pen 68 Mini**, **Pen 68 metallic**, **Pen 68 brush**, **Creative Tips** and **dr!ver** with fine and medium tip.
- In 2026, two additional products will follow suit: **pointball** and **GREENpoint**.
- For the Asian market, we've introduced **liner 308** as a product made with ISCC PLUS certified recycled plastic — our first product of its kind in that region.

This move underlines our strong trust in third-party certifications and transparent supply chains.

“Certified materials help us turn innovation into credible action.”

What Does the ISCC PLUS Label on the Packaging Tell You?

1) The proportion of certified material that was sourced for the production of the pen body using **mass balance approach**. The calculation excludes parts not made of plastic and/or not part of the pen body, e.g. metal clips, ink, ink reservoirs and nibs.

2) The symbol in the center refers to the raw material category used in the product. Three leaves symbolise plastics made from bio-circular material, three arrows symbolize recycled plastics.

3) This shows which **product component** is certified. In the case of STABILO products, this is the plastic of the pen body including cap.

4) Mass balance approach indicates that the certified content is attributed to the product via a bookkeeping method monitoring the whole supply chain from raw material to end product.

Create your future

Every big idea starts with a little scribble. Whether you're writing your first letters, drawing your dreams, or practicing your name, the right tools make all the difference. STABILO is here to provide the right pens and pencils to bring more fun and colour into the classroom. With bright neon colours and enchanting 3D structure, these new products are easy to hold and fun to use. So grab your favourite and start creating your future, one stroke at a time.

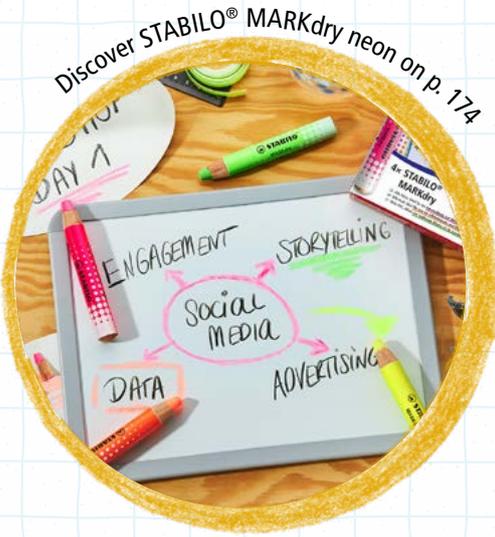

STABILO® EASYoriginal 3D DreamWorld

With its unique 3D structure on the shaft, the ergonomic rollerball not only provides a fun and tactile experience but also supports young writers in developing their handwriting skills thanks to the ergonomic grip zone. The 3D design takes writing beginners into either a dreamy world of fairies or into the adventurous outer space. It is available in a special version for left- and right-handers and each version is equipped with a non-slip grip zone, promoting a relaxed hold to prevent muscle fatigue while writing.

STABILO® EASYbuddy® NEON

The ergonomic STABILO EASYbuddy NEON fountain pen combines vibrant neon colours with ergonomic design for a smooth writing experience. Its non-slip soft grip zone ensures comfort for both left- and right-handers, while the spring-loaded cap prevents blotting and drying out. With an extra-large ink window, easy cartridge refills, and a replaceable iridium nib available in four sizes, it's perfect for neat, effortless handwriting. Available in neon yellow, neon pink, and neon green, it also comes with one erasable royal-blue ink cartridge.

Discover STABILO® MARKdry neon on p. 174

STABILO® MARKdry NEW NEON COLOURS

The STABILO MARKdry writes on smooth, non-porous surfaces like whiteboards and can be easily dry- or wet-wiped. It is just as easy to use as a crayon. With its four neon colours, the marker is perfect to add structure to whiteboards and organise or annotate what has already been written. Thanks to the solid lead, this marker never dries out and ensures steady colour consistency to the very last stroke. The pen is solvent-free, odourless and made from 100% PEFC-certified wood.

STABILO® pointball® colorful

With its colourful design, the STABILO pointball colorful is a fresh and modern addition to any desk. The colour-coded shaft indicates the writing colour – no more guessing the ink colour. It is a great tool for fast writing as the high-quality ballpoint pen ink provides a smooth and consistent ink flow with a line width of 0.5 mm. Its soft grip zone provides a comfortable hold, even when writing for longer periods of time. In addition, the product is ISCC PLUS-certified, as 87% bio-based plastic has been sourced to produce the pen body (mass balance). With the STABILO Ballpoint Refill, the STABILO pointball colorful can easily be refilled over and over again.

STABILO® point 88® & STABILO® Pen 68 click set

Compact, practical, colourful – the click set for STABILO point 88 and Pen 68 is the perfect creative companion, wherever life takes you. Whether you're sketching ideas at your desk or capturing inspiration on the go, this set adapts to your lifestyle. Just open the lid, and it transforms into a vibrant display of colours, ready to brighten your workspace.

Heading out? Simply click the lid shut and take your favourite pens with you. The sturdy case keeps everything safe and stylish, making it ideal for school, university, or wherever your imagination leads. Creativity has never been so easy to carry.

NatureCOLORS Wildflower

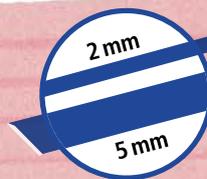

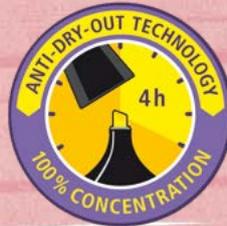

The STABILO BOSS ORIGINAL and STABILO pointball are both available in our new colours inspired by blooming wildflower. With these highlighters and ballpoint pens, fresh and modern colours are combined with functional design. Putting the two products into one colour collection really emphasises their compatibility. The matching colours add subtle vibrancy to any writing or highlighting occasion.

STABILO® BOSS® ORIGINAL NatureCOLORS Wildflower

The STABILO BOSS ORIGINAL NatureCOLORS Wildflower come in the colours blush, burgundy, grey violet and ultramarine – all inspired by nature. The highlighter profits from the STABILO Anti-Dry-Out technology, allowing the pen to be used for up to 4 hours without drying out. Its chisel tip allows for two line widths – 2 mm and 5 mm – perfect for both underlining and highlighting.

Discover STABILO® BOSS® NatureCOLORS Wildflower on p. 37

70/4-1-103-5

7010-3-5

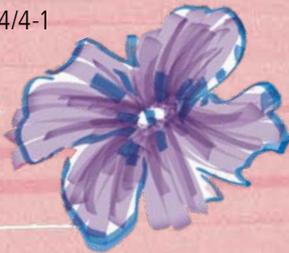

STABILO® pointball® NatureCOLORS Wildflower

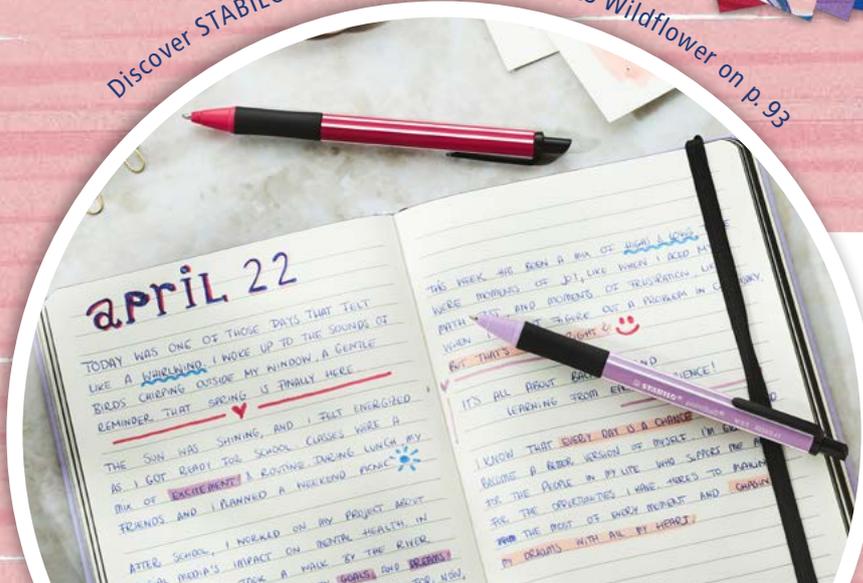

The STABILO pointball NatureCOLORS Wildflower is the ideal pen for fast and endured writing while the colours blush, burgundy, grey violet and Prussian blue bring a modern and subtle touch to the desk. In a line width of 0.5 mm, the pen glides smoothly over the paper while the non-slip grip zone and the thicker pen shaft make it comfortable and easy to hold. In addition, the product is ISCC PLUS-certified, as 87% bio-based plastic has been sourced to produce the pen body (mass balance).

HIGHLIGHTING

STABILO® Highlighters

4h DRY OUT PROTECTION FOR 100% CONCENTRATED WORK.

TECHNOLOGY AS A BENEFIT FOR USERS

- Thanks to the STABILO Anti-Dry-Out technology, every STABILO highlighter can be left with its caps off for up to 4 hours without drying up.
- This means less distraction from removing and replacing the cap and higher concentration on the content.
- Leaving the cap off does not affect the highlighter as the ink stays fresh for multiple hours.

STABILO® BOSS® ORIGINAL

Highlighter

HIGHLIGHT LIKE A BOSS.

Target group

- Pupils and students who want to concentrate on studying and structuring texts – always with a focus on the essentials.
- Anyone who wants to keep track of things in the office and has to recognise figures, data and facts at a glance.
- Creative minds who want to set highlights.

Product features

- The STABILO BOSS ORIGINAL highlighter makes it easy to set accents in your records and texts.
- Be in style when working: The design classic in proven STABILO quality.
- Good grip in your hand, stylish for the eye – convincing since 1971.
- STABILO Anti-Dry-Out technology – 4 hours with the cap off lets you concentrate on your work without worrying about the pen drying out.

- Wide range of colours for individual structuring and designing 9 intensive fluorescent and 14 subtle pastel colours.
- 2 in 1: Highlighter with a chisel tip for two line widths – 2 and 5 mm – perfect for underlining and highlighting.
- Easily refillable to save money and resources.
- Also ideally suitable for creative projects such as shading, framing, journaling and designing hand letterings.
- Water-based ink.
- Quality – Made in Germany.

Dealer benefits

- "THE" highlighter in the highlighter segment: a must in every product line.
- STABILO Anti-Dry-Out technology is a strong sales argument and supports sales.

STABILO® BOSS®

ORIGINAL Pastel

STABILO® BOSS® ORIGINAL Pastel

THE BOSS WEARS PASTEL.

14 SUBTLE COLOURS TO EXPAND THE SUCCESSFUL RANGE.

Does a text always have to be highlighted in neon? No way! Those who wish to demonstrate a flair for fashion and true understatement need look no further than the STABILO BOSS ORIGINAL in pastel colours. In any event, if you really want to say something important, it is better to use soft tones.

A successful update for a classic that has already more than enjoyed 50 years of success.

THE PASTEL TREND:

STABILO® BOSS® ORIGINAL Pastel

Highlighter

THE ICON IN SUBTLE COLOURS.

Target group

- Pupils who want to concentrate on studying and structuring texts – but who also don't want to go without trendy tools.
- Anyone who wants to maintain an overview in the office and who has to recognise important items at a glance.
- Creative minds who want to use popular pastel colours to set accents.

Product features

- Always keep the important items in focus: Pastel highlighters create low-key highlights and add more structure to texts.

- Concentrate while you work: thanks to the anti-dry-out technology, you can leave the cap off for up to 4 hours without the pen drying out.
- Soft colours for emphatic highlights – a broad spectrum of colours with 14 pastel tones from cloudy blue to dusty grey.
- 2 in 1: A highlighter with a chisel tip for two line widths – 2 mm and 5 mm – perfect for underlining and marking.
- Also ideally suitable for creative projects such as shading, framing, journaling and designing hand letterings.
- Water-based ink.
- Quality – made in Germany.

STABILO® LUMINATOR®

Highlighter

HIGHLIGHTING

DESIGN SECOND TO NONE. CONTINUOUS CONCENTRATION.

Target group

- Frequent users of highlighters who have high demands when it comes to design and brand.

Product features

- STABILO Anti-Dry-Out technology: 4 hours dry-out protection for concentrated work.
- Multi-award-winning design.
- Larger liquid ink reservoir than traditional highlighters. Highlights for approx. 500 m.
- Uniform ink application right down to the last drop, with no fading.
- Doesn't leak under pressure e.g. on a plane taking off or landing.
- Ink level indicator for constant control.

- Available in 6 fluorescent colours.
- 2 line widths 2 + 5 mm.
- Water-based ink.

Dealer benefits

- The premium product in every highlighter range.
- Longevity, quality, comfort and design are all convincing sales arguments.
- Anti-dry-out technology is a strong sales argument and supports sales.

Awards

- iF product design award 1999
- ISPA Product of the Year Award 1999
- red dot design award winner 1998

WRITING

STABILO® point 88® 65 COLOURS – AS COLOURFUL AS LIFE ITSELF.

THE PEN OF CHOICE FOR WRITING AND SKETCHING.

The STABILO point 88 started its career as a fineliner for precise writing in 1977. And what a career it's had! Since then, over 3 billion pens with the characteristic white edges have been sold. The STABILO point 88 is used by school kids, students and teachers to make notes, by politicians to write speeches, by designers to design objects and layouts, and by managers to develop strategies.

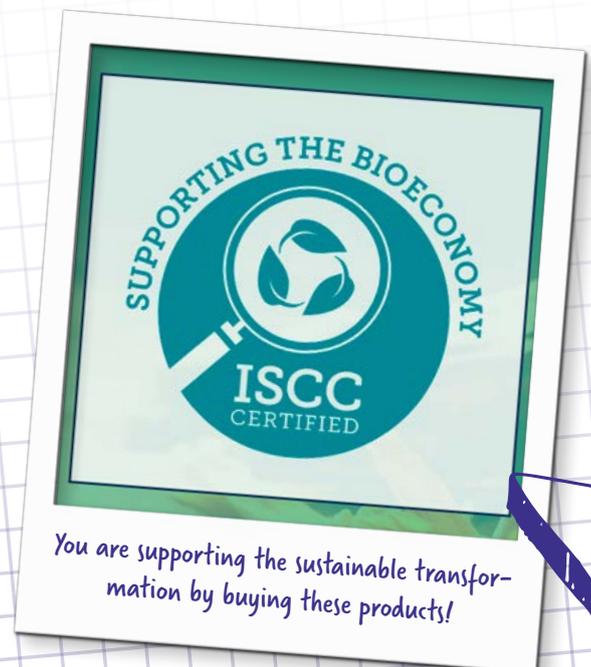

Thanks to its 65 brilliant colours – including popular pastel and neon shades – the STABILO point 88 has long been the perfect tool for creative people. Concept sketches, doodles, handlettering, mandalas, sketch notes and calendars can all be enhanced by its fine lines. Its variety provides the inspiration and motivation to create. Every great idea starts with a STABILO point 88.

ISCC PLUS-COMPLIANT BIO-BASED PLASTICS SOURCED FOR STABILO PRODUCTS

Biwaste instead of crude oil!

At STABILO, we source ISCC PLUS certified bio-based plastic under the mass balance approach. This is great because it replaces fossil fuels like crude oil or natural gas in plastics with bio-circular materials. Bio-circular material is biowaste, e.g. used cooking oil or wood waste from the paper or forestry industries. Bio-based feedstocks use less CO₂ than fossil fuels. This is good for our climate and reduces the carbon footprint of our products. From 2025 STABILO sources ISCC PLUS certified bio-based plastic for point 88, Pen 68 and dr!ver. There are no changes to the product itself. Its appearance and quality are exactly as before.

STABILO® point 88®

Fineliner

*PEN BODY

A CLASSIC THAT'S HOT PROPERTY.

Target group

- The universal fineliner for school children, students and professionals.

Product features

- Europe's number one fineliner.
- Available in many brilliant colours.
- Hexagonal striped design known all over the world.
- Metal-enclosed tip for a long lifespan.
- Line width 0.4 mm.
- Suitable for use with rulers and stencils.

- Long cap-off time.
- Ventilated cap.

Dealer benefits

- Creative packagings encourage spontaneous demand.
- Customers trust the quality and love the look.

Certificates

- ISCC Plus certification: 96% bio-based plastic has been sourced to produce the pen body (mass balance) – scan QR code for more information!

STABILO® Grow

Fountain pen in pure, natural wood design

WRITING COMFORT, DESIGN AND SUSTAINABILITY NATURALLY COMBINED.

Target group

- Passionate writers looking for a high-quality, sustainable fountain pen.
- Students and young adults who love design and the environment in equal measure.
- So-called 'glamour green shoppers' who wish to take advantage of consumption, yet prefer sustainable products and see them as a status symbol.

Product features

- Fountain pen in pure, natural wood design.
- Shaft made from 100 % FSC®-certified wood.
- Cartridge holder made from recycled plastic.
- To produce the fountain pen cap, approx. 35% of the conventional plastic is replaced by natural fibers (sunflower seed hulls).

- The renewable raw materials used are waste products from the food industry that are ethically sound.
- Three types of wood with typical colour and grain: oak, beech, cherry, surface oiled with linseed oil.
- High quality writing system with stainless steel nib with iridium tip ensures soft writing feel without scratches, and maximum leakage protection.
- Ergonomic grip zone for relaxed, endured writing
- The product comes with a standard royal blue ink cartridge.

Dealer Benefits

- The product meets the growing demand for sustainable products without compromising on design and writing quality.
- Value-added product with unique selling points.

Certificates

- Wooden shaft made from FSC®-certified wood from sustainable forestry.

Awards

- FOCUS OPEN 2023 Special Mention

STABILO® Flow®

Fountain pen

FOR AN INDIVIDUAL TOUCH IN YOUR STYLE AND HANDWRITING.

Target group

- Writing enthusiasts looking for a contemporary fountain pen.
- Design range SPORTY: Teenagers and young adults who like to write with fountain pens and love intensive colour combinations.
- Design range COSMETIC: Trendsetters looking for a fountain pen that fits their lifestyle and fashion-conscious young women and bloggers who want to bring trends to their desk, too, and are excited about metallic colours.
- Design range ACTIVE: Fountain pen enthusiasts who prefer a simple, elegant design and all those who want to underline their own taste with a fountain pen in everyday life and in the office.

Product features

- A trend-oriented fountain pen range that comes in various colour combinations and proven STABILO quality – the right design for everyone.
- Notes and letters become something special and

give handwriting a personal touch.

- Clean notes with no ink blots or ink splashes – the cap with a spring prevents leakage and is perfect for beautiful handwriting.
- An eye-catcher in typical STABILO design language.
- Secure and comfortable in your hand, thanks to an ergonomic grip zone.
- A high quality stainless steel nib with an iridium tip and a medium nib size (0.5 mm) lets you write clearly and precisely.
- Refillable with standard ink cartridges for convenience.
- The product comes with a standard royal blue cartridge.
- Design range SPORTY: Capture attention with a trendy colour design.
- Design range COSMETIC: The trendy metallic colours bring glamour to school and college.
- Design range ACTIVE: A fountain pen with a simple, elegant design as a favourite companion in everyday life and in the office.

Dealer benefits

- Trendy diversity: The right fountain pen design for different target groups, as the product concepts and colours are perfectly geared to the target groups.
- Packaging designs that attract attention and are coordinated with the product colours coupled with an appropriate approach to the target group.
- Functioning tried and tested colour concepts.

STABILO® PALETTE®

Retractable rollerball pen

**PROVIDES A FIRM GRIP AND WRITES SMOOTHLY ON PAPER:
THE GEL ROLLERBALL PEN WITH A COLOURED SHAFT.**

Target group

- Pupils, students and young adults who value soft writing, a firm grip and style.
- Those who write a lot and want comfort and design.

Product features

- Stylish companion with the shaft and writing colours available in black, blue and red.
- A fantastic writing experience: especially pleasant and soft writing thanks to an improved gel formula.
- Comfortable and firm grip, even when writing for longer periods of time, thanks to an extra-large, non-slip grip zone for a relaxed hold.
- See how much ink is left through the viewing window with ink level indicator.
- Easy on your wallet and resources, as the pen can be refilled over and over again with the proper refills.
- Fine (F) line width of 0.4 mm for precise text work.
- Ready for use with one click.

Dealer benefits

- The minimalistic style, combined with the classic shaft colours is an eye-catcher and a buying incentive for demanding, design-conscious customers.
- High quality rollerball pen – perfect for school, college and the office.

Only for Europe.

The mark of responsible forestry

STABILO® Grow

Ballpoint pen in pure, natural wood design

WRITING COMFORT AND DESIGN COMBINED IN A SUSTAINABLE BALLPOINT PEN.

Target group

- Passionate writers looking for a high-quality, sustainable ballpoint pen.
- Students and young adults who love design and the environment in equal measure.
- So-called "glamour green shoppers" who wish to buy nice things but prefer sustainable products and see them as a status symbol.

Product features

- Ballpoint pen in pure, natural wood design.
- Shaft made from 100 % FSC®-certified wood.
- Refill holder made from recycled plastic.
- To produce the ballpoint pen cap, approx. 35% of the conventional plastic is replaced by natural fibers (sunflower seed hulls).

- With high-quality soft ballpoint pen ink for fast writing.
- The ballpoint pen is refillable with all STABILO Ballpoint refills.
- Ergonomic grip zone for relaxed, endured writing.
- The renewable raw materials used are waste products from the food industry that are ethically sound.
- Oak wood with typical colour and grain, surface oiled with linseed oil.
- Cap comes with a metal clip.
- Quality made in Germany.

Dealer benefits

- The success of the STABILO Grow fountain pen is now continued with the ballpoint pen.
- The product meets the growing demand for sustainable products without compromising on design and writing quality.
- Value-added product with unique selling points.

Certificates

- Wooden shaft made from FSC®-certified wood from sustainable forestry.

STABILO® Flow®

Ballpoint Pen

THE BALLPOINT PEN FOR EVERYONE.

Target group

- Writing enthusiasts looking for a contemporary ballpoint pen.
- Writers who like the look and feel of a fountain pen but prefer using a ballpoint pen.
- High-volume writers looking for a high-quality pen that lasts a long time.

Product features

- A stylish yet timeless ballpoint pen that is perfect for everyday use.

- Very soft and smooth ballpoint pen ink for fast writing with a line width of 0.5 mm.
- An eye-catcher in typical STABILO design language.
- Ergonomic grip zone provides secure and comfortable handling.
- The pen comes prefilled with a document-proof, blue STABILO Ballpoint refill.
- Refillable with any STABILO Ballpoint refill.

Dealer benefits

- The well-known and popular STABILO Flow fountain pen is now also available as a ballpoint pen to add to the range.
- The classic design appeals to customers who are looking for a reliable pen that can be easily integrated into everyday life.
- Functioning tried and tested colour concepts.

Product features

- A pencil as the popular and handy everyday item that everyone needs - even more so when it comes in trendy pastel colours.
- The six fashionable pastel colours set accents - whether delicate apricot or fresh green, the pencils are the must-have item on every desk.

- A handy helper for small mistakes: The eraser at the end of the pencil lets you erase and correct errors with ease.
- The HB (medium soft) hardness is perfect for writing, sketching and drawing at school, college and the office.
- The pastel pencils are a wonderful addition to the popular pastel ranges by STABILO.
- Also ideally suitable for creative uses such as shading, framing, designing hand letterings and journalings.
- First-class STABILO quality that impresses even the most discerning users.

Dealer benefits

- The pastel story guarantees sales: Get on the pastel bandwagon and add accents to your pencil assortment.
- Pencils are something everyone always needs, whether they're artists, pupils or students. Pencils in trendy colours are particularly popular.
- Pastel colours turn ordinary pencils into trendy and stylish accessories that everyone wants to have.

COLOURING

MORE POPULAR THAN EVER. STABILO® Pen 68: A CLASSIC MEETS ZEITGEIST.

A TRENDY PRODUCT.

65 premium colours promise endless creativity – it's no wonder that the STABILO Pen 68 is perfect for popular hand lettering, DIY and sketchnotes trends. Creative people and artists love the variety that allows them to put their ideas to paper with a burst of colour. This is also demonstrated by the impressive work of the STABILO artists, who create worlds both great and small with great attention to detail.

The pictures composed by these talented artists, who are actively supported by STABILO, regularly receive a large number of hits on social media. The STABILO Pen 68 guarantees brilliant colours and is proof that even a classic will continue to find new target groups – and will remain a reliable sales boost to any range.

© STABILO®

ISCC PLUS-COMPLIANT BIO-BASED PLASTICS SOURCED FOR STABILO PRODUCTS

Biowaste instead of crude oil!

At STABILO, we source ISCC PLUS certified bio-based plastic under the mass balance approach. This is great because it replaces fossil fuels like crude oil or natural gas in plastics with bio-circular materials. Bio-circular material is biowaste, e.g. used cooking oil or wood waste from the paper or forestry industries. Bio-based feedstocks use less CO₂ than fossil fuels. This is good for our climate and reduces the carbon footprint of our products. From 2025 STABILO sources ISCC PLUS certified bio-based plastic for point 88, Pen 68 and dr!ver. There are no changes to the product itself. Its appearance and quality are exactly as before.

*PEN BODY

STABILO® Pen 68

Premium fibre-tip pen

THE MOST COLOURFUL COMPANION: 65 COLOURS AND A VARIETY OF CREATIVE PACKS.

Target group

- The right pens for all creative colour experts in school, university or the office.
- Ambitious amateur artists.

Product features

- Colour-intensive premium fibre-tip pen for strong lines and large areas.
- High brilliance and luminosity.
- Robust M-tip (line width approx. 1 mm) for even ink application.
- Odourless, water-based ink.
- Ventilated cap.
- Cap-off time of up to 24 hours.
- Available in many brilliant colours, including 6 neon colours and various ranges.

Dealer benefits

- The benchmark on the fibre-tip pen market – a must in every range.
- Classic white longitudinal stripes immediately indicate STABILO quality.

Awards

- "spiel gut" Award 2017

Certificates

- ISCC Plus certification: 96% bio-based plastic has been sourced to produce the pen body (mass balance) - scan QR code for more information!

Premium fibre-tip pen with flexible brush tip and water soluble ink

STABILO® Pen 68 brush

Premium fibre-tip pen with brush tip

UK
CA

*PEN BODY

ENHANCED CREATIVITY: PEN 68 NOW HAS A FLEXIBLE BRUSH TIP.

Target group

- Everyone who has always wanted to try out brush lettering but hasn't dared to do it yet: The STABILO Pen 68 brush is suitable for both beginners and advanced.
- Hobby artists, brush experts and lettering fans who like to explore new creative trends and new drawing and writing techniques.
- Everyone who likes to draw, highlight, try things out and live a colourful life.

Product features

- The flexible, premium fibre-tip pen for creative drawing and writing with a brush tip.
- A variety of results with one pen: It's easy to play with the line thickness by changing the pressure.
- The all-rounder for creating a variety of colourful lines: For colouring in, highlighting, underlining, shading – in other words, everything you need to try out popular creative trends such as brush lettering, etc.

- The perfect way to learn brush techniques quickly: Practicing with the writing pressure gives beginners feel for lettering with quick success.
- Advanced artists can apply fantastic creative techniques such as colour blending and aquarelle methods. Tip: Thanks to the water-based ink, you can create impressive and magical aquarelle-effects with a brush and a little water. The results depend on the colour and paper selected. For the best effects, use aquarelle paper.
- A perfect match for combined creative projects: The inks of the Pen 68 brush colours are identical with those of Pen 68 and point 88 standard colours.
- A reliable brand made in Germany.
- Up to 24 hours of dry-out protection without cap.
- Developed by and together with fans – made to meet creative needs.

Dealer benefits

- The Pen 68 brush is the perfect creative enhancement because the Pen 68 and the Pen 68 brush go together perfectly. The Pen 68 brush is an addition in the creative area and its flexible brush tip opens up many application options for exercising creativity.
- For decades, the Pen 68 has been a popular, classic product to use in school, at university, in the office and during leisure time.
- With the Pen 68 brush, STABILO is moving brush lettering out of its niche category.
- Thanks to the premium quality, it is also a great idea for Christmas and birthday gifts or for other occasions.
- This product is the answer to the current boom in the do-it-yourself trend and its respective needs.

Certificates

- ISCC PLUS certification: 96% bio-based plastic has been sourced to produce the pen body (mass balance) - scan QR code for more information!

STABILO® Pen 68 metallic

Premium metallic fibre-tip pen

*PEN BODY

GIVE YOUR CREATIVE PROJECTS THAT SPECIAL SPARKLE.

Target group

- For young people, adults, and all Pen 68 fans.
- For hobby artists who want to give their artworks a special touch with brilliant metallic effects on a white, coloured, or black background.
- For anyone who is looking for a special pen to create personal greeting cards and small drawings or for decorating and hand lettering.

Product features

- 8 shimmering colours provide fantastic metallic effects and accents in gold, silver, copper, metallic blue, metallic green, metallic violet, metallic rose and metallic light green.
- The glittering metallic colours are highly visible on smooth surfaces such as metal, foil, or paper – and they're smudge-proof on these surfaces after a short drying time.
- Start your creative work right away: no shaking or pumping necessary before use.
- Dazzling metallic effects create special highlights with great brilliance and luminosity – even on black and coloured backgrounds.

- Rich colour application with the robust M-tip (medium).
- 1.4 mm line width is ideal for decoration, drawing, and hand lettering.
- Great light resistance, thanks to water-based ink with selected premium pigments.
- For best results, store the pens horizontally.

Dealer benefits

- Expansion of target groups by addressing hobby artists and do-it-yourself fans.
- The fashionable, popular fibre-tip classic in 8 opulent metallic colours for special occasions and for a daily immersion in creativity.

Certificate

- ISCC Plus certification: 96% bio-based plastic has been sourced to produce the pen body (mass balance) - scan QR code for more information!

STABILO® Creative Tips

FIVE TIPS FOR ENDLESS CREATIVE POSSIBILITIES.

Target group

- Creative minds who want to express themselves using different-sized tips.
- Everyone who loves colourful creativity on paper.
- Hobby artists who want to try out and combine different tips and strokes.
- Handlettering and sketching artists looking for an all-in-one package.

Product features

- The premium selection of five different tips is the ideal combination for creative writing, drawing, lettering and sketching.
- The range includes three needlepoint tips, a felt tip and a brush tip.
- Extra-fine 0.2 mm needlepoint for the most delicate and precise lines.
- Thin 0.4 mm needlepoint with a cushioned tip for comfortable and neat application.

- Needlepoint in 0.7 mm width with a cushioned tip for slightly thicker strokes.
- The 1 mm felt tip offers a sturdy tip for bold lines and large areas.
- Flexible brush tip for thin and thick lines, depending on the pressure applied.
- The two cushioned tips (0.4 mm and 0.7 mm) adapt to the writing pressure.
- Water-based, aquarellable ink for even more creative possibilities.
- Ventilated cap.
- All five tips in 16 brilliant colours.
- Available in various colour combinations.

Dealer benefits

- The best tips from STABILO to mix and match different strokes and styles.
- The larger sets include all five tips in each colour, making them the perfect gift.
- The smaller sets are the ideal starter pack as they also offer all five tips in one set.
- The Creative Tips are a great complement to the STABILO ARTY range.

STABILO® Cappi®

Fibre-tip pen with cap-ring

NEVER LOSE THE CAP AGAIN.

Target group

- For everybody who loves to create wonderful pictures with cool pens in school or at home with friends.

Product features

- Pen caps can be threaded onto a cap-ring – making it almost impossible to lose them.
- Unusual tube shape – so the pen doesn't roll away and can be picked up easily.
- Ergonomic grip zone specifically designed for children's hands.
- Line width approx. 1 mm.

- Ventilated cap.
- Can be left uncapped for up to 24 hours without drying out.

Dealer benefits

- Product innovation provides unusual sales story.
- Cap-ring prevents losing the caps and provides additional transport function benefit.

Awards

- universal design award 2011

STABILO® Trio® DECO

Metallic fibre-tip pen

OK
AK

CHILD-FRIENDLY AND CREATIVE: MAKES PICTURES AND CHILDREN'S EYES SHINE.

Target group

- Artists, both young and old, who love to be creative with shiny metallic colours.
- Parents who want to encourage their children's creativity.
- Do-it-yourself fans who want to create projects that sparkle.

Product features

- Brilliant metallic colours make creative projects shine and invite you to draw and decorate.
- Colour in larger areas quickly with the extra thick XL-tip and intensive ink application.
- Fits perfectly in a child's hand thanks to the ergonomic triangular grip zone.
- The glittering metallic colours are clearly visible on absorbent surfaces such as coloured and dark paper, cardboard and wood, plus many others.
- A great tool for special occasions and do-it-yourself ideas, such as designing cards or decorating gifts.
- Note: For best performance, store the pens horizontally due to glitter particles in the ink.

Dealer benefits

- The creative and colourful packaging design encourages spontaneous purchases.
- A special art product all year round and a strong sales generator during the Christmas season.
- The metallic colours will make your collection shine.

Wallet

- in cardboard, with hanging tab
- 8 colours

STABILO® woody 3 in 1

ALWAYS DIFFERENT. ALWAYS CREATIVE.

LET YOUR CREATIVITY FLOW

SCRAPING TECHNIQUE

- Child's play: firstly, draw several layers of colour on top of each other on a sheet of paper – starting with the light colours. The last layer should always be black or a dark colour. Use a scraper or a bigger coin to scrape a picture in the dark layer. This reveals the wonderful colours beneath.

FROTTAGE TECHNIQUE

- Place a coin, a leaf or any flat object under the paper and draw over the paper with the STABILO® woody 3 in 1. As if by magic, the structure of the object now appears on the paper.

PASTEL TECHNIQUE

- If it's subtle colour transitions and new colour variations you want – simply smear the colours of the picture with something soft like cotton pads. Coarse paper is best for this technique. Professionals use fixing spray to ensure the colour adheres to the paper for as long as possible.

SCRAPING

FROTTAGE

PASTEL

24 brilliant colours

10 duo colours

STABILO® woody 3 in 1

Multi-talented pencil

**UK
CA**

COMBINING: THREE PENCILS IN ONE.

Target group

- For little artists who love using lots of colour in creative ways.
- Amateur artists with high demands.

Product features

- The multi-talent: A coloured pencil, watercolour and wax crayon all in one.
- High opacity and colour intensity, even on dark paper and glass – here it is easy to wipe off.
- XXL lead – applies as much colour as 8 standard coloured pencils.
- Perfect for large areas and suitable for nearly all painting techniques.

- Perfect for children's hands thanks to its thick shape: allows a good grip.
- Almost unbreakable lead, diameter 10 mm.
- Thick, soft strokes.
- Available in 24 rich colours.

Dealer benefits

- Parents are highly satisfied which leads to a high repurchase rate.
- Convincing arguments for the higher price.

Awards

- „spiel gut“ Award 2008 + 2015

Writing and colouring with a clear conscience.

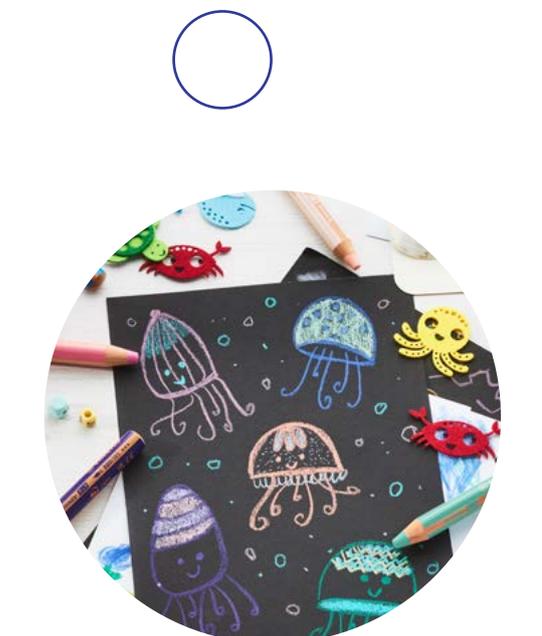

- PEFC (Program for the Endorsement of Forest Certification Schemes) and STABILO:
- Promoting a Sustainable Forest Management
- STABILO has a PEFC certified chain of custody

STABILO® woody 3 in 1

ALWAYS DIFFERENT. ALWAYS CREATIVE.

.....

WATERCOLOUR TECHNIQUE

- Great art made easy: firstly, use the STABILO® woody 3 in 1 to apply various colour splashes to the paper. Then paint over and mix the splashes with a damp brush – as if they were water colours. Thicker paper is best for painting good watercolour pictures, as it doesn't get soggy so easily.

STENCIL TECHNIQUE

- A simple technique for effective contours and exciting colour gradients: firstly, colour the edges of the stencil with your STABILO® woody 3 in 1. Then put the stencil on the paper and rub the colour from the stencil onto the paper.

HAIRDRYER TECHNIQUE

- Blow dry the lead of the pencil – this changes the structure of the colour. The soft, malleable colour can now be applied to the paper. By smearing the colours, you will create wonderful, flowing colour gradients. For optimum results, use the hairdryer on medium level/level 2 or max. 60 °C.

Warning! Not suitable for children. Risk of burns.

STABILO® woody 3 in 1 duo

Multi-talented pencil

MULTI-TALENTED PENCIL WITH TWO-COLOURED LEAD.

Target group

- For little artists who wish to colour with even more shades and try out great colouring effects.
- Amateur artists with high demands.

Product features

- Duo lead: for double the drawing fun, simply turn the pencil.
- An extraordinary colouring experience: these 10 colour combinations mean there are no limits to creativity.
- With all the popular STABILO woody 3 in 1 features.
- The multi-talent: A coloured pencil, watercolour and wax crayon all in one.
- High opacity and colour intensity, even on dark paper and glass – here it is easy to wipe off.

- XXL lead – applies as much colour as 8 standard coloured pencils.
- Perfect for large areas and suited for nearly all painting techniques.
- Perfect for children's hands thanks to its thick shape: allows a good grip.
- Almost unbreakable lead, diameter 10 mm.
- Thick, soft strokes.

Dealer benefits

- Parents are highly satisfied which leads to a high repurchase rate.
- Convincing arguments for the higher price.
- Perfect extension of the range for additional sales to satisfied STABILO woody 3 in 1 consumers and those who will become so.

Writing and colouring with a clear conscience.

STABILO® CarbOthello

Chalk-pastel pencil

THERE'S NO ART TO SELLING THESE.

Target group

- Artists, art students and people with creative hobbies.

Product features

- Wonderfully dry and dusty stroke, just like charcoal.
- Lead diameter 4.4 mm.
- Can be mixed and blended dry.
- Partially aquarellable: contours remain visible.
- Brilliant results on dark backgrounds and delicate papers, too.

- Available in 60 shades, various ranges and also individually.
- High pigmentation guarantees great luminosity and opacity as well as colour-fastness and colour brilliance.
- The wooden shaft protects the lead from breaking.

Dealer benefits

- STABILO quality that appeals to the most discerning customers.
- Clear proof of expertise in the creative product range.

LEARNING TO WRITE

STABILO® EASY Family OFF TO AN EASY START.

LEARNING TO WRITE SHOULD BE FUN.

Learning to write in kindergarten and school is important, especially when starting out. Better ergonomics make practising easier and learning more enjoyable. That's why STABILO has developed special pens suited to age and hand size – perfect support from the first attempt at writing in kindergarten, all the way to improving writing skills in primary school. Versions for left- or right-handers ensure writing comfort and prevent premature fatigue. Unique grip moulds allow the correct finger position. Starting school is exciting enough, so we do everything we can to ensure that the children feel comfortable when they do.

BEST GRADES FROM THE EXPERTS

- Prof. Dr. Ing. Ralph Bruder, Head of the Institute of Ergonomics at Darmstadt University of Technology and expert in product ergonomics:

- Dr. Christian Marquardt, Fine motor skills expert, Science&Motion GmbH Munich

"The prescribed gripping position provides children who are learning to write with support in practising their own optimal gripping position."

"By building children a bridge between drawing and writing, you make it considerably easier for them to develop flowing handwriting."

"STABILO EASY Start products performed better in tests. Why? There are versions for left- or right-handers, along with ergonomic grip moulds which give children's hand something to hold on to."

"As a scientist I can recommend STABILO EASY pens. Parents make an excellent choice for their kids with these products."

COLOURING

STABILO® EASYcolors, page 171 & 172

The coloured pencil for preschool kids and school children aged 5 and over.

STABILO® EASYsharpener, page 173

STABILO® EASYbuddy®

Ergonomic school fountain pen

YOUR BEST SCHOOL BUDDY.

Target group

- School children aged 8 and over.
- Parents looking for ergonomic, high-quality writing instruments for their children.
- Teachers who want to support their pupils with high-quality writing products.

Product features

- STABILO fountain pen ergonomically designed especially for children's hands.
- Prevention of premature muscle fatigue thanks to a relaxed hand posture.
- Comfortable writing with non-slip soft grip zone – ideal for left- or right-handers.

- Neat and tidy handwriting due to easy handling – doesn't blot, doesn't scratch.
- Extra large viewing window for easy monitoring of ink levels.
- Easy to refill with 2 small, standard ink cartridges.
- Comes with 1 royal-blue ink cartridge.
- Choose from 2 colour combinations: dark blue/light blue and black/lime.
- Replaceable iridium nib in 2 sizes (standard M, left-handers L).
- No "pump" effect and blotting because tip is protected by a spring-loaded cap.
- Specially designed cap prevents ink from drying out and ensures that the ink does not leak.

- Easy-to-replace nib incl. new grip zone.

Dealer benefits

- Developed together with children, teachers and experts: STABILO quality made in Germany.
- Ergonomics is a key selling point for discerning parents.
- All primary school writing systems from a single source.

STABILO® MARKdry

Dry whiteboard and flipchart marker

THE PERFECT MARKER FOR TEACHERS AND STUDENTS

Target group

- Schools and educators who are looking for a durable and safe whiteboard and flipchart marker that they can safely share with their students.
- Parents and children who use whiteboards for private purposes.
- Anyone looking for a reliable and durable alternative to conventional liquid ink whiteboard markers.
- Anyone who conducts training courses or workshops and frequently switches back and forth between whiteboard and flipchart.

Product features

- Wood-cased marker with a dry lead for whiteboards and flipcharts.
- Neon colours for structuring and organizing on whiteboards and flipcharts.

- The pen does not dry out, making it durable and ready for use at all times.
- The lead is very economical to use and ensures steady colour consistency to the very last stroke.
- Can be dry- and wet-wiped from smooth, non-porous surfaces.
- Reliable, durable and safe product that can be used by kids in schools.
- You can easily switch between whiteboard and flipchart: does not bleed or soak through the paper.
- Made from 100% PEFC-certified wood.
- Solvent-free, odourless.
- Available in 4 standard colours (black, blue, red and green) and as a set of 4 neon colours (neon yellow, neon green, neon orange, neon pink).

Dealer benefits

- A true alternative to traditional liquid ink markers.
- One product — two applications: suitable for whiteboards and flipcharts.

Writing and colouring with a clear conscience.

- PEFC (Program for the Endorsement of Forest Certification Schemes) and STABILO:
 - Promoting a Sustainable Forest Management
 - STABILO has a PEFC certified chain of custody

STABILO® MULTI SHOP Premium.

Just a few requirements for diverse STABILO® PoS solutions.

- The width of the existing system rear panel should be either 100 cm or 125 cm.
- The depth of the existing shelves should be at least 30 cm or more.
- If possible, the existing shopfitting system should be made of metal so that magnetic strips can be added to the rear panel quickly and easily.

The MULTI SHOP is also available in 50 cm width.

Your STABILO® brand consultant implements your PoS solution according to your requirements – and pays attention to the finest of details.

STABILO® MULTI SHOP. THE TOWER OF LIGHT AT THE POS.

LIGHTING THE PATH TO YOUR BUSINESS SUCCESS! MULTI SHOP is the ingenious concept from STABILO® for individual and high quality merchandise presentation. This system is flexible, stylish and tailored to the respective target groups. On the following pages, we'll show you just how well this sophisticated system works. Create a furore with a new shop design, wow your customers and generate maximum sales per square metre!

BRIGHT MESSAGES

Extra-large, brightly lit picture motifs for a very good long-range effect.

IMPROVED ILLUMINATION

A new header insert design significantly improves illumination of the top level.

SMALL TEST PAD

If required, pads can be slotted onto the information ledge.

WALLET SPRING LOAD

The next wallet automatically moves forward when the one in front is removed.

HORIZONTAL DISPLAY

The horizontal display for fast-moving items attracts greater attention to the variety of colours on show. This automatically makes the items more desirable for the customer, which inevitably leads to significantly increased sales of individual colours.

COMMUNICATION MODULE

An ideal tool for helping the consumer understand the advantages of products that require some explanation. This advisory service is positioned right by the product, and what's more, it costs the retailer nothing!

STORAGE UNIT

With a full-extension slide mechanism and a magnetic catch.

CHECK LISTS FOR PLANNING A STABILO® MULTI SHOP

It's crucial to ask the right questions at the beginning:

1. We clad your existing shelving unit in store:

- Is the width of the existing system rear panel 50 cm, 100 cm or 125 cm?
- Is the depth of the existing shelves at least 30 cm or more?
- Is the existing shopfitting system made of metal so that the magnetic strips can be attached quickly and easy to the rear panel?
- Is there a drawer or cover plate directly above the floor?
If yes:
Is it high enough to be able to position the 15-cm high logo plate 919/1 or 919/11?
- How high is the existing shelf wall so as to determine the number of wall elements?
- Where are competitor products positioned in relation to the STABILO® MULTI SHOP system?
This helps define the necessary lighting concept for headers and/or shelves.

2. We seamlessly add to your existing Tegometall system with our own STABILO® MULTI SHOP Tego modules:

In this case we use the existing Tegometall end columns together with the existing Tegometall base.

- Is the existing Tegometall base 26 cm or 16 cm high?
- Is the existing Tegometall base 47 cm or 57 cm deep?
- Is the existing Tegometall column 220 cm or 160 cm high?
- What is the shelf depth of each individual shelf level in the immediate vicinity so that we can ensure each shelf has the same shelf depth?
- Are products in the shop exclusively placed on shelves, or are products also hung?
In this case, the punched rear panel 918/100-400 should also be used.

In the event our own STABILO® MULTI SHOP Tego modules are not suitable, please contact STABILO® International's European Trade Marketing department.

STABILO® MULTI SHOP

PIMP MY SHELF.

TURBO TUNING FOR EXISTING SYSTEMS.

Product features

- STABILO® brand stage at the PoS with existing shop fitting modules.
- Assembly is made child's play in just a few easy steps.

Dealer benefits

- Optimal integration of the STABILO® range into the existing shop layout.
- Clear differentiation of the STABILO® brand within predefined structures.
- Rapid orientation for brand-conscious consumers.

Here's how "PIMP MY SHELF" works

1.) Use your basic shop fitting system e.g. from Tegometall or a manufacturer of your choice. Your system should, as a rule, have a back panel and shelves of various depths.

2.) We clad your modules in STABILO® Red taking extra care not to damage them. Or we add to your existing Tegometall system with our own STABILO® MULTI SHOP Tego modules.

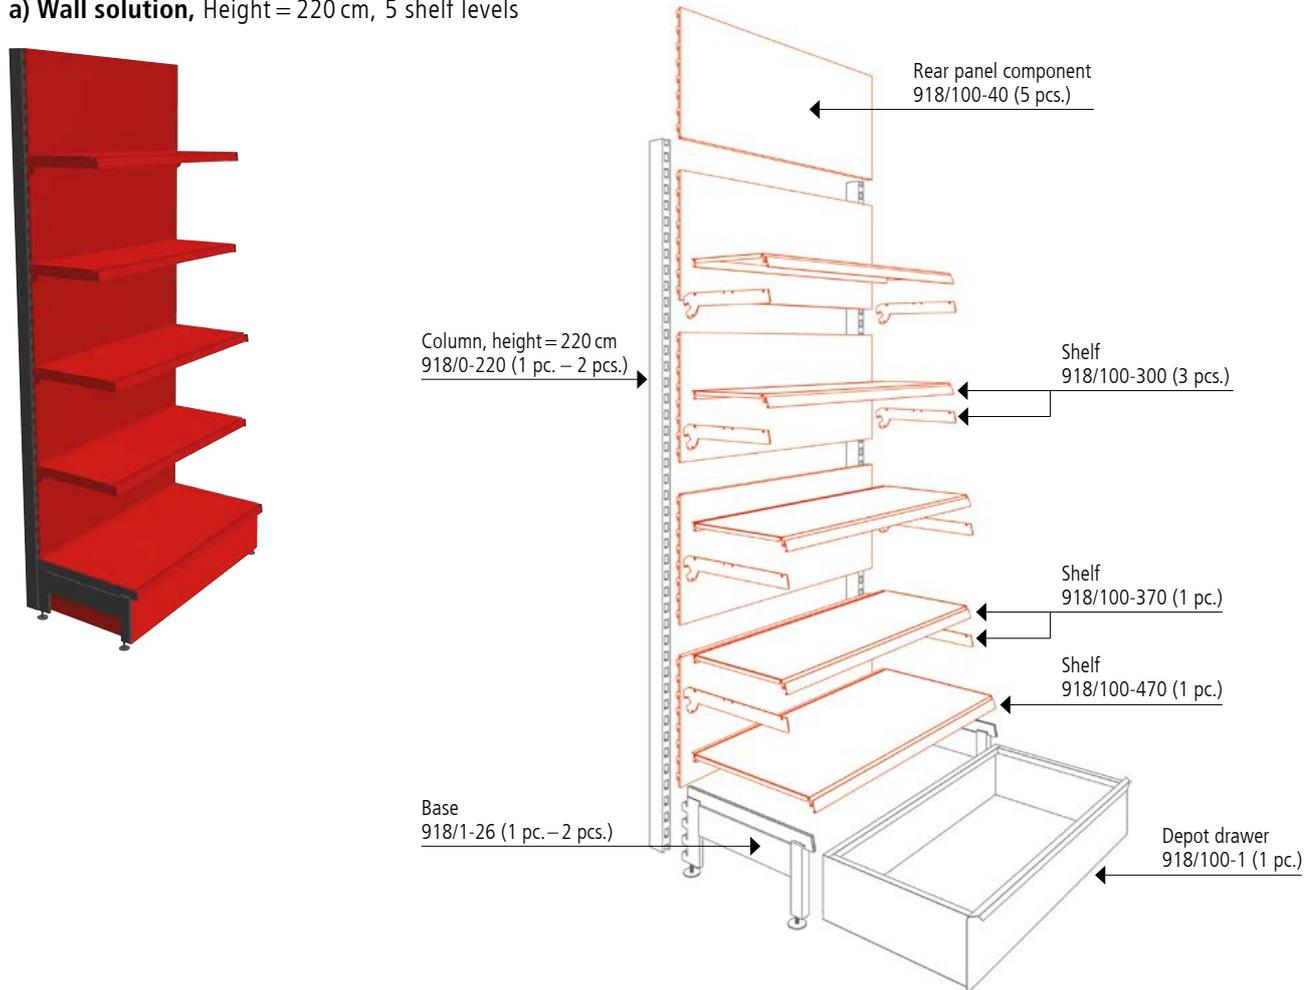

3.) Our specially developed shelf modules provide you with a wide variety of possibilities to ensure the optimal positioning of STABILO® products.

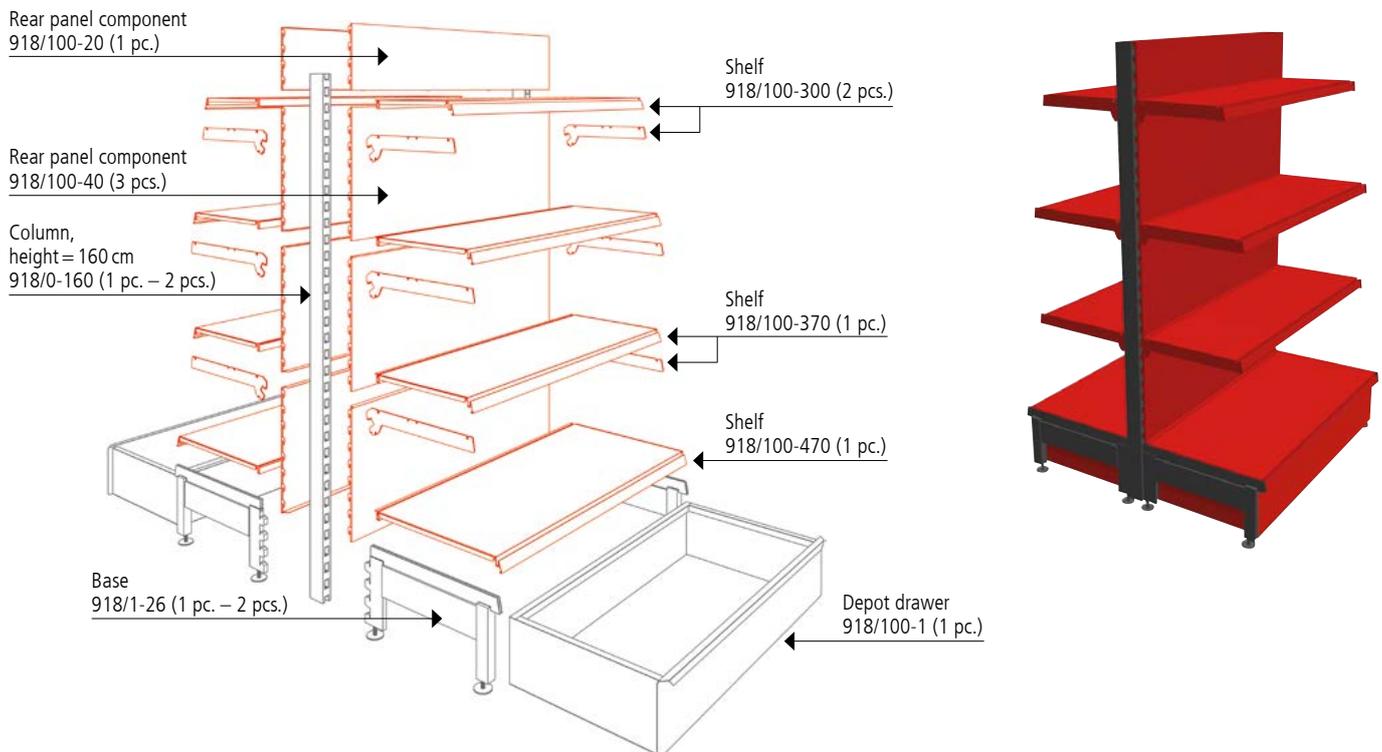

The extremely high-quality and aesthetically appealing folding information bar also affords the option of placing EAN barcodes under product information bars. This supports your merchandise management system and makes reordering and selling easier.

The STABILO® MULTI SHOP system at a glance.

a) Wall solution, Height = 220 cm, 5 shelf levels

b) Gondola solution, Height = 160 cm, 4 shelf levels

MULTI SHOP Elements

PLEASE NOTE!

STABILO® MULTI SHOP with Tegometall components has a uniform width of 50 cm or 100 cm.

This dimension only applies to the individual Tego towers found in one complete Tego wall of several metres. However, the wall as a whole always requires 3 cm more room, as the columns protrude slightly at either ends. This applies in particular to "stand-alone" solutions with STABILO® MULTI SHOP.

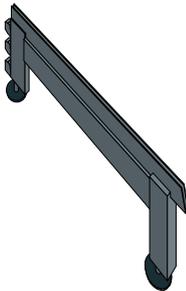

This means that the amount of space required widthways for STABILO® MULTI SHOP is as follows:

- for extensions to existing Tego systems: 50 cm or 100 cm
- for "stand-alone" solutions 53 cm or 103 cm

Base

Height = 16 cm, depth = 47 cm
Slate-grey, in metal

STABILO® BASIS SHOP. A must for all dealers who focus on strong brands.

This display concept has been designed for immediate and flexible use anywhere. As a result, it is an ideal shop-in-shop concept for compact brand presentation in all specialist retail outlets and, in particular, in wholesale.

CLEAR BRAND MESSAGE

The logo header gives customers clear in-store orientation. It is height-adjustable and can therefore be easily adapted to its immediate environment. The large logo side wings ensure an eye-catching brand message from a considerable distance.

PRACTICAL STORAGE SPACE

The storage compartment at the very bottom provides plenty of room for opened boxes, so that they are always near at hand when the display has to be replenished quickly. In this respect, the plastic box in the storage compartment is a clever solution, as it can be taken out and placed wherever there is space for it during the refilling process.

SYNERGIES WITH STABILO® MULTI SHOP

All 5 shelves are designed in such a way that all standard product modules from the STABILO® MULTI SHOP programme can be used. Take advantage of the diversity of the STABILO® MULTI SHOP programme for maximum flexibility with regard to shelf filling.

PRODUCT COMMUNICATION

A scanner strip with a height of 4 cm is permanently attached to each shelf. This allows you to use the very extensive selection of existing info strips for STABILO®'s entire European product range. Please use only the strips with a height of 4 cm. These article numbers always begin with 443-...

STABILO® BASIS SHOP.

The slim display for STABILO®'s landmark and peak-performer products – for eye-catching brand presentation. Unlit and illuminated possible.

PRODUCT FEATURES

- Flexible primary placement with width of only 60 cm
